

UNIVERSITY OF SOUTH ALABAMA COLLEGE OF MEDICINE

South Med Prep Scholars Program

The SouthMed Prep Scholars Program (SMPS) is designed to enhance medical school access and success through two eight-week summer sessions that focus on research, MCAT preparation, the interview process, and continuous relationship building between prospective medical students and the USA College of Medicine. The SouthMed Prep Scholars Program is designed for individuals who are underrepresented in medicine and who are residents of Alabama. Students who successfully complete the program will be offered a position in the University of South Alabama College of Medicine's first-year class.
